## Procedure for Keyspan USA19HS on macOS Big Sur

-----

From this page:

<https://www.tripplite.com/support/usa19hsc>

Download the MocOS Big Sur 11 Beta Driver:

<https://assets.tripplite.com/drivers/usa-19hs-19hsc-driver-mac-os-11.4-big-sur-beta.zip>

From the "MacOS BigSur DEXT driver for Keyspan USA-19HS" Installation Instructions...

1. Copy the app "Install USA19H Driver" into "Applications" Folder

**\*\* EXTRA STEP \*\*** This corrects a permissions issue

1b. Open Terminal and type in (or copy/paste):

```
sudo chmod -R 755 /Applications/Install\ USA19H\ Driver.app
```

Hit enter. It will ask for your password. Type it in.

Now follow the rest of the Installation instructions starting at item 2.
